

Z-Z-Z-Z

HOW COMPACT CAN A SOFA BE, WITH PRESERVED COMFORT AND FUNCTIONALITY?

A high level of comfort in the smallest possible space is the core design of EFG Mingle. The form of expression is simple, with a few selected details that give the product a character of its own.

With EFG Mingle we want to fully demonstrate that it is possible to create comfortable, functional and aesthetically appealing seating, which takes up minimal valuable space. We also wanted to design a completely modular sofa that represents efficiency, particularly with regards to functionality but also in floor space, transportation and materials.

DESIGNERS · EFG MINGLE

FLEXIBLE SPACES

Soft seating plays an important role in creating well-being and a more home-like environment in the workplace. These areas are highly appreciated - they inspire and motivate.

EFG Mingle can easily be adapted to the requirements of a modern, changing environment. It is ideal in most public places; offices, reception areas, schools and health care.

Mingle modules can be configured in an infinite number of combinations
of curved and straight shapes.

Create closed spaces, open spaces, small spaces and large spaces
- simply put, spaces for all kinds of mingling!

COMFORTABLE FUNCTIONALITY

EFG Mingle can easily be adapted to changing environments and is ideal in workplaces as well as in public places. The functional details add to the expression of the product and makes the family practical and user friendly.

EFG Mingle works perfectly with sofa tables as well as tables with traditional heights of 720 mm.

High Comfort - with softly shaped seats and backs. For long or spontaneous meetings.

Modularity - enables a variety of combinations. Sledge base in black or chrome.

Fully upholstered - upholstered furniture can contribute significantly to improved acoustics.

Compact - less impact on the environment due to material usage. Wooden components and table tops from FSC-certified materials.

INSPIRING STYLE

The different design options of EFG Mingle offer great variety in style. Whatever your taste there is a Mingle for you.

EFG Mingle options include both the lean, clean metal bases as well as wooden legs in different colours for a softer, more natural look.

MIX AND MINGLE *modular units, sledge base only:*

Combine the EFG Mingle modules, benches and sofas with regular back, with or without armrests, and tables, to create your preferred combination.

Modules can be used as separate units.

connecting EFG Mingle modules: **HOW TO CONNECT**
how to build your sofa

1 Start from the left, by selecting a module with an article number that does NOT end with a "J".

2 Continue building your sofa by adding units to the right, now using article numbers that end with a "J" ("J"=Join).

GOOD CONSCIENCE

Just like all our products, EFG Mingle is designed and manufactured with minimal environmental impact and in accordance with the established Nordic furniture eco-labeling. Components consists mainly of recyclable material, all wood is FSC certified, and we do not use any harmful chemicals. All our standard fabrics carry the EU-flower.

100 DIFFERENT STANDARD COLORS ARE ONLY A FEW OF YOUR OPTIONS

On EFG Mingle contrasting colours can be used on inside and outside.
Same fabric on both colours is applicable as standard.
